

GIKEN TOTAL SUPPORT SYSTEM

in EUROPE

What is GTOSS™ ?

GIKEN offers a comprehensive support system for our users called GTOSS (GIKEN Total Support System). The aim of GTOSS is for users to acquire the technical skills to install piles accurately and quickly, and to improve the quality of construction design and maintenance work. It will enable our users to increase their overall operational productivity and gain a strong competitive edge.

GTOSS Benefits

GTOSS members are provided with services that not only enhance their SILENT PILER™ operating skills, but also their operations in various areas such as construction management, machine maintenance, and engineering.

Now we invite you to take advantage of our expertise!
